pc/MRP RELEASES 8.40 VERSION

Apr 2009

e-mail address: sales@pcmrp.com

Internet: <http://www.pcmrp.com/>

Credit Memos

pc/MRP Version 8.40 allows users to easily enter credit memos for closed (paid) or open invoices. Parts can be restocked or not. If the original invoice is closed (paid), the credit memo can be attached to a new invoice later on or a check can be printed out for the amount of the credit memo.

Accounting Module

Accounting transactions now contain Comment and Entered By fields. The Comment Field for each transaction is unlimited in length. The General Ledger Transaction Reports have been reformatted to improve readability

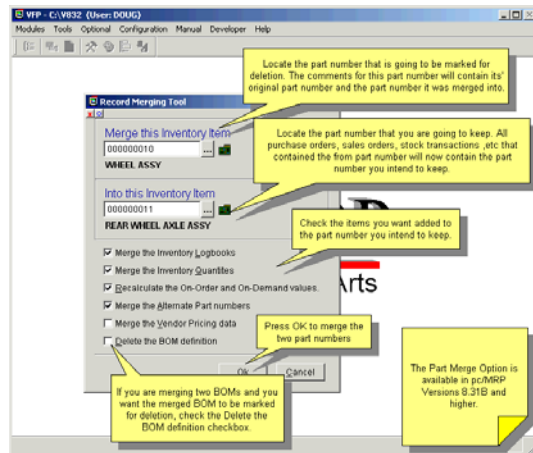

Ordering Information for Update

Companies who are currently on a support contract can upgrade for **FREE**. Those not on a support contract can update to version 8.40 for \$695.00. This includes 1 year of technical support (6-hour cap). To order the update, call Software Arts 408-226-7321.

Many functions 25-100x Faster

Operations that require a progress bar are now 25-100x faster. This includes MRP, PPV, FIFO, Inventory Movement, Physical Inventory, Cycle Count, Importing, Audits, Change Address Id or Part Number Everywhere. Scrolling open or closed records only is now extremely fast.

New Merge Part and Address Options

Physical Inventory

pc/MRP Version 8.40 added the option to enter the counts for a part number in all areas instead of entering the count for a part number in one area at a time.

FedEx Integration

pc/MRP's Shipping Module can now be integrated with both FedEx (New) and UPS. See www.pcmrp.com, click on MRP 101 and run slide show 46.

Password Module

pc/MRP Version 8.40 added the option to hide specific inventory areas from specific users. It also added the option to create custom User Access Lists.

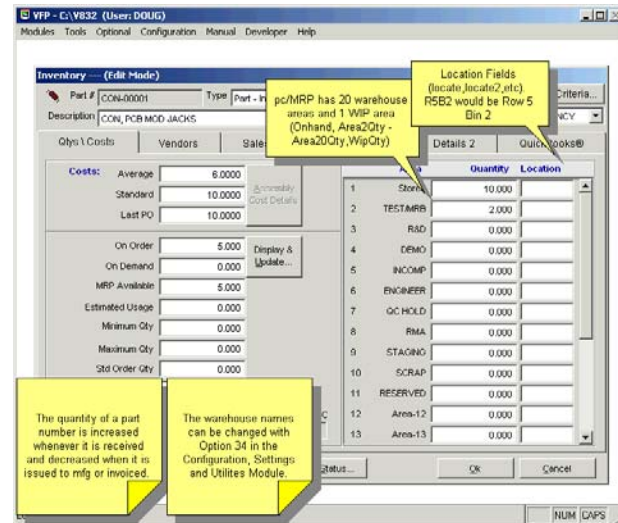

Alternate Currency

The Alternate Currency Module now has the option to use a Web Service and automatically retrieve currency rates.

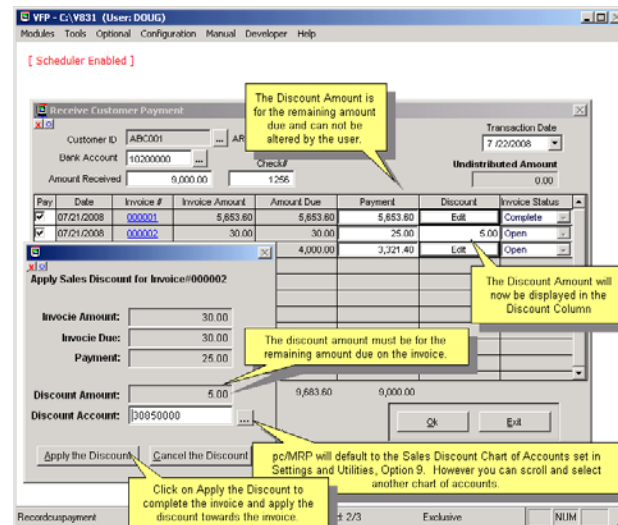

Scroll Windows

Users can set the BOM Scroll Window to display only one entry per BOM. Sales and Purchase Scroll Windows now display Date Required. Open and Closed Only Scroll Windows are much faster.

Up to 20 Inventory Areas

Easy to apply Term Discounts

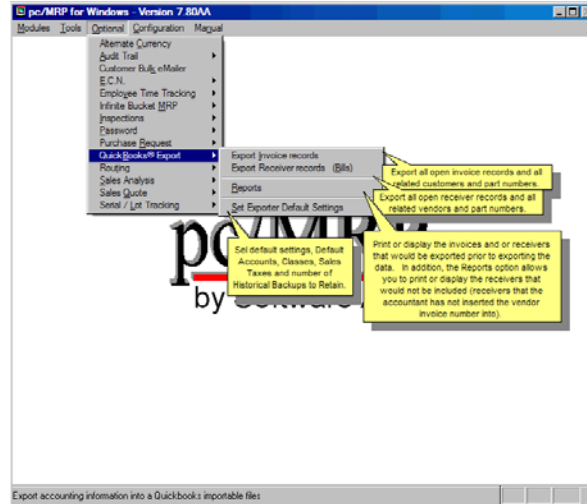

pc/MRP VERSION 8.40 NEW FEATURES

- 8.32A Increased the number of stores areas from 11 to 20
